

Ohio Administrative Code

Rule 3745-267-14 Security requirements - standardized permitting.

Effective: [March 7, 2025](#)

(A) Owners or operators shall prevent, and minimize the possibility for, livestock and unauthorized people entering the active portion of the facility.

(B) The facility shall have:

(1) A twenty-four hour surveillance system (for example, television monitoring or surveillance by guards or facility personnel) that continuously monitors and controls entry onto the active portion of the facility; or

(2) An artificial or natural barrier (for example, a fence in good repair or a fence combined with a cliff) that completely surrounds the active portion of the facility; and

(3) A means to control entry, at all times, through the gates or other entrances to the active portion of the facility (for example, an attendant, television monitors, locked entrance, or controlled roadway access to the facility).

(C) Owners or operators shall post a sign at each entrance to the active portion of a facility, and at other prominent locations, in sufficient numbers to be seen from any approach to each active portion. The sign shall bear the legend, "Danger- Unauthorized Personnel Keep Out." The legend shall be in English, and shall be legible from a distance of at least twenty-five feet. Owners or operators shall use existing signs with a legend other than "Danger- Unauthorized Personnel Keep Out" if the legend on the sign indicates that only authorized personnel are allowed to enter the active portion, and that entry onto the active portion can be dangerous.
