

Ohio Administrative Code

Rule 3745-267-204 Air emission standards - tank systems - standardized permitting.

Effective: [March 7, 2025](#)

Owners or operators shall manage all hazardous waste placed in a tank following the requirements of rules 3745-205-30 to 3745-205-36, 3745-205-50 to 3745-205-65, and 3745-205-80 to 3745-205-90 of the Administrative Code. Under a standardized permit, the control devices that are permissible are thermal vapor incinerator; catalytic vapor incinerator; and flame, boiler, process heater, condenser, and carbon absorption units.
