

## Ohio Administrative Code

### Rule 3745-267-908 Cessation of operation of a containment building - standardized permitting.

Effective: [March 7, 2025](#)

---

When an owner or operator closes a containment building, the owner or operator shall remove or decontaminate all waste residues, contaminated containment system components (liners, etc.), contaminated subsoils, and structures and equipment contaminated with waste and leachate, and manage these materials as hazardous waste unless paragraph (D) of rule 3745-51-03 of the Administrative Code applies. The closure plan, closure activities, cost estimates for closure, and financial responsibility for containment buildings shall meet all of the requirements specified in rules 3745-267-110 and 3745-267-140 to 3745-267-151 of the Administrative Code.
