

## Ohio Administrative Code

### Rule 3745-50-65 Research, development, and demonstration permits.

Effective: [March 7, 2025](#)

---

(A) The director may issue a research, development, and demonstration permit for any hazardous waste treatment facility which proposes to utilize an innovative and experimental hazardous waste treatment technology or process for which permit standards for such experimental activity have not been promulgated under Chapters 3745-54 to 3745-57 and 3745-205 or 3745-266 of the Administrative Code. Any such permit shall include such terms and conditions as will assure protection of human health and the environment. Such permits shall:

(1) Provide for the construction of such facilities as necessary, and for operation of the facility for not longer than one year unless renewed as provided in paragraph (D) of this rule;

(2) Provide for the receipt and treatment by the facility of only those types and quantities of hazardous waste which the director deems necessary for purposes of determining the efficacy and performance capabilities of the technology or process and the effects of such technology or process on human health and the environment; and

(3) Include such requirements as the director deems necessary to protect human health and the environment (including, but not limited to, requirements regarding monitoring, operation, financial responsibility, closure, and remedial action), and such requirements as the director deems necessary regarding testing and providing of information to the director with respect to the operation of the facility.

(B) For the purpose of expediting review and issuance of permits under this rule, the director, consistent with the protection of human health and the environment, may modify or waive permit application and permit issuance requirements in Chapter 3745-50 of the Administrative Code except that there may be no modification or waiver of regulations regarding financial responsibility (including insurance) or of procedures regarding public participation.

(C) The director may order an immediate termination of all operations at the facility at any time the
