

## Ohio Administrative Code

Rule 3745-52-209 Where and when to make the hazardous waste determination and where to send containers of unwanted material upon removal from the laboratory.

Effective: October 5, 2020

---

(A) Large quantity generators and small quantity generators. An eligible academic entity shall ensure that a trained professional makes a hazardous waste determination, pursuant to rule 3745-52-11 of the Administrative Code, for unwanted material in any of the following areas:

(1) In the laboratory before the unwanted material is removed from the laboratory, in accordance with rule 3745-52-210 of the Administrative Code.

(2) Within four calendar days after the unwanted material arrives at an on-site central accumulation area, in accordance with rule 3745-52-211 of the Administrative Code.

(3) Within four calendar days after the unwanted material arrives at an on-site interim or permitted treatment, storage, or disposal facility, in accordance with rule 3745-52-212 of the Administrative Code.

(B) Very small quantity generators. An eligible academic entity shall ensure that a trained professional makes a hazardous waste determination, pursuant to paragraphs (A) to (D) of rule 3745-52-11 of the Administrative Code, for unwanted material in the laboratory before the unwanted material is removed from the laboratory, in accordance with rule 3745-52-210 of the Administrative Code.
