

Ohio Administrative Code

Rule 3745-56-56 Special requirements for ignitable or reactive waste.

Effective: December 7, 2000

Ignitable or reactive waste shall not be placed in a waste pile unless the waste and the waste pile satisfy all applicable requirements of Chapter 3745-270 of the Administrative Code, and:

(A) Addition of the waste to an existing pile results in the waste or mixture no longer meeting the definition of ignitable or reactive waste under rule 3745-51-21 or 3745-51-23 of the Administrative Code, and complies with paragraph (B) of rule 3745-54-17 of the Administrative Code; or

(B) The waste is managed in such a way that it is protected from any material or conditions which may cause it to ignite or react.

[Comment: As required by rule 3745-54-13 of the Administrative Code, the waste analysis plan shall include analyses needed to comply with this rule. Also, paragraph (C) of rule 3745-54-17 of the Administrative Code requires waste analyses, trial tests, or other documentation to assure compliance with paragraph (B) of rule 3745-54-17 of the Administrative Code. As required by rule 3745-54-73 of the Administrative Code, the owner or operator shall place the results of each waste analysis and trial test, and any documented information, in the operating record of the facility.]
