

Ohio Administrative Code

Rule 3745-580-100 Scrap tire transporter registration certificate.

Effective: June 30, 2023

Except as specified in rule 3745-580-105 of the Administrative Code, any person proposing to transport more than ten scrap tires in a single load shall register as a scrap tire transporter by submitting an application to the director in accordance with rule 3745-580-101 of the Administrative Code as follows:

(A) For an initial registration application, not later than ninety days prior to the date the scrap tire transporter proposes to begin transporting scrap tires.

(B) For a renewal application, not later than January thirty-first of each year with the submittal of the annual report.

[Comment: Annual report specifications are contained in rule 3745-580-115 of the Administrative Code.]

[Comment: If a scrap tire transporter will not continue operations after the last day of April, the owner or operator is subject to the closure requirements in rule 3745-580-125 of the Administrative Code.]
