

Ohio Administrative Code

Rule 3745-580-501 Application for a mobile scrap tire recovery facility registration certificate.

Effective: June 30, 2023

(A) Application. An application for a mobile scrap tire recovery facility registration certificate shall contain at a minimum the following on forms prescribed by the director with sufficient detail to allow clear understanding for technical review of the application and to provide assurance that the mobile scrap tire recovery facility is designed and can be operated in accordance with this chapter:

(1) The name, business address, email address, and telephone number for the following:

(a) The mobile scrap tire recovery facility.

(b) The business owner and operator of the mobile scrap tire recovery facility.

(c) The emergency contact person who is authorized to commit resources necessary for emergency response equipment, material, and services for the mobile scrap tire recovery facility.

(d) The applicant.

(2) A discussion of the following operations proposed at the mobile scrap tire recovery facility:

(a) The proposed activities to be performed at the mobile scrap tire recovery facility including but not limited to loading, handling, storage, and processing of scrap tires.

(b) Type of equipment that will be used for mobilization and demobilization (e.g. excavator, bull dozer) to retrieve scrap tires that will be processed.

(c) The procedures and equipment the business owner or operator of the mobile scrap tire recovery facility will employ to maintain the recovery equipment and the area surrounding the recovery equipment free of litter and other debris that may affect the proper operation of the mobile scrap tire recovery facility.

- (3) The requested DDIC for the mobile scrap tire recovery facility.

- (4) A draft of the financial assurance instrument to be executed prior to the license issuance in accordance with rules 3745-580-22 and 3745-503-05 of the Administrative Code.

- (5) A fire contingency plan that contains at a minimum the following information:
 - (a) A list of names, addresses, and telephone numbers for all persons designated to act as emergency coordinators for the mobile scrap tire recovery facility, including one person authorized to commit resources necessary to procure equipment, materials, and services.

 - (b) A list of all emergency equipment at the mobile scrap tire recovery facility including but not limited to fire extinguishing systems and equipment, spill control equipment, and communications equipment.

 - (c) A copy of the annual training schedule used to train staff on the contingency procedures.

- (6) A certification statement and signature in accordance with rule 3745-500-50 of the Administrative Code.

- (B) If the director determines that additional information is necessary to determine whether the criteria set forth in rule 3745-580-503 of the Administrative Code are satisfied, the applicant shall supply such information as a precondition to further consideration of the application.

[Comment: Rule 3745-580-503 of the Administrative Code states that an incomplete application may be a basis for denial of the registration certificate.]
