

Ohio Administrative Code

Rule 3745-580-700 Establishment and modification of a scrap tire monofill facility.

Effective: June 30, 2023

(A) No person shall establish a scrap tire monofill facility without first obtaining a permit to install prior to the construction or modification of the scrap tire monofill facility. Submitting a permit to install application in accordance with rule 3745-580-701 of the Administrative Code does not exempt any person from compliance with any other permit, license, or other obligation for authorization.

(B) Concurrent to submitting an application for a permit to install in accordance with rule 3745-580-701 of the Administrative Code, the applicant shall also do the following:

(1) For new facilities, apply for a license in accordance with Chapter 3745-501 of the Administrative Code.

(2) Submit to Ohio EPA division of air pollution control and the division of surface water written notification of intent to establish or modify a scrap tire monofill facility and a written request for information pertaining to any regulatory requirements under Chapter 3704. or 6111. of the Revised Code.

(3) Mail letters of intent to establish or modify a scrap tire monofill facility including a description of the facility by certified mail or any other form of mail accompanied by a receipt to the following entities:

(a) The governments of the general purpose political subdivisions where the scrap tire monofill facility is located, including but not limited to, county commissioner, legislative authority of a municipal corporation, or the board of township trustees.

(b) The single county or joint county solid waste management district or regional solid waste management authority where the facility is located or that is served by the facility.

(c) The owner or lessee of any easement or right-of-way bordering or within the proposed facility boundaries that may be affected by the proposed scrap tire monofill facility.

(d) The local zoning authority having jurisdiction, if any.

(e) The park system administrator, if any part of the scrap tire monofill facility is located within or shares the park boundary.

(f) The conservancy district, if any part of the scrap tire monofill facility is located within or shares the conservancy district boundary.
