

Ohio Administrative Code Rule 3745-67-25 Waste analysis and trial tests.

Effective: January 7, 1983

(A) In addition to the waste analyses required by rule 3745-65-13 of the Administrative Code, whenever a surface impoundment is to be used to:

(1) Chemically treat a hazardous waste which is substantially different from waste previously treated in that impoundment; or

(2) Chemically treat hazardous waste with a substantially different process than any previously used in that impoundment;

The owner or operator shall, before treating the different waste or using the different process:

(a) Conduct waste analyses and trial treatment tests, including but not limited to, bench scale or pilot plant scale tests; or

(b) Obtain written, documented information on similar treatment of similar waste under similar operating conditions;

To show that this treatment will comply with paragraph (B) of rule 3745-65-17 of the Administrative Code.

(B) As required by rule 3745-65-13 of the Administrative Code, the waste analysis plan shall include analyses needed to comply with rules 3745-67-29 and 3745-67-30 of the Administrative Code.

(C) As required by rule 3745-65-73 of the Administrative Code, the owner or operator shall place the results from each waste analysis and trial test, or the documented information, in the operating record of the facility.
