

Ohio Administrative Code Rule 3745-84-01 Definitions.

Effective: August 15, 2024

Except as otherwise noted, the definitions in rule 3745-81-01 of the Administrative Code apply to this chapter.

- (A) "License to Operate" means the public water system license or license renewal required by section 6109.21 of the Revised Code and in accordance with this chapter.

 - (B) "Number of wells supplying system" means those wells that are physically connected to the plumbing system serving the public water system.

 - (C) "Population served" means the total number of individuals having access to the water supply during a twenty-four hour period averaged over at least sixty days during any calendar year.

 - (D) "Service connection" means the number of active or inactive pipes, goosenecks, pigtails, and any other fittings connecting a water main to any building outlet. This definition is only for the purpose of calculating the license to operate fee.
