

## Ohio Administrative Code Rule 3745-91-06 Requirements for supporting information.

Effective: August 12, 2023

---

The supporting information required by this rule may vary depending on the type and complexity of the project and shall, at a minimum, include the following:

- (A) An explanation of the project and its basis of design, and such other information relevant to approval of plans that may not be fully evident from the plan drawings and specifications.
  - (B) A copy of the results of any required chemical, bacteriological, radiological, or other analyses performed on the raw or finished water.
  - (C) A completed project summary sheet, if available.
  - (D) Information as to the capacity and long-term adequacy of the source of supply.
  - (E) If the plans include a new well as a source of water, the following additional materials shall be submitted:
    - (1) A copy of a deed, easement, or other legal instrument showing that the owner has control of lands sufficient to provide isolation as approved in the well site acceptance letter.
    - (2) A copy of the log of the well, and a copy of the results of the pumping tests performed on the well. Test pumping and sampling for chemical and radiological analyses are required unless waived by the director.
  - (F) A written description of the water system's asset management program, if required by paragraph (A) of rule 3745-87-02 of the Administrative Code.
