

Ohio Administrative Code Rule 3769-8-07 Possessions prohibited.

Effective: August 1, 2009

(A) No person shall have in his/her possession on the premises of a permit holder any nasogastric tube, drugs, chemicals which may be used as stimulants, hypodermic syringes or hypodermic needles or any other instrument which may be used for injection, or batteries or any other electrical or mechanical instrument which may be used to affect the speed or actions of a horse. Any offending party may be ruled off. This rule shall not be construed to apply to a veterinary surgeon licensed by the commission.

(B) No veterinarian shall leave a container of any prohibited drug on the premises of a permit holder nor shall he leave or dispose of hypodermic syringes or hypodermic needles or any other instrument which may be used for injection on the premises of the permit holder whether used or unused. Any violation of this rule shall be subject to the penalties as outlined in rule 3769-8-99 of the Administrative Code.
