

Ohio Administrative Code Rule 3770-4-10 Records and audits.

Effective: February 13, 2004

(A) The auditor of state and the director or an authorized representative may periodically examine all records, files and other documents of the sales agent as they pertain to the sales agent's activities for purposes of conducting authorized audits. Each sales agent shall maintain such records complete and up to date.

(B) A sales agent shall allow inspections of the licensed premises at any time upon the request of inspectors authorized by the director. The inspection may be made without prior notice to the sales agent.
