(B) A pay voucher needs to be redeemed within one hundred eighty calendar days from the date of printing as shown on the pay voucher after which time it will expire. A pay voucher may be redeemed for cash in the same manner as authorized for the redemption of winning tickets. A player may also redeem a pay voucher by using the pay voucher in a multi-purpose terminal to receive a credit on the terminal for purchases.

(C) If a pay voucher is not redeemed within the period of time set forth in paragraph (B) of this rule, the amount of the prize money and/or funds deposited as reflected in the pay voucher amount will be returned to the state lottery fund and distributed in accordance with section 3770.06 of the Revised Code.

(4) The identification number of the machine dispensing the pay voucher; and

(5) A unique identifier printed on the pay voucher as a bar code to enable the voucher system to identify the numeric information on the pay voucher when it is presented for redemption.
