(1) Game rule number seven hundred seventy-seven is a key number match game and is generally known as an "instant lottery."

(2) Holders of valid tickets will remove the covering over the entire play area to reveal a "\$50 Bonus Spot," "\$100 Bonus Spot," "\$500 Bonus Spot," six "Winning Numbers," twenty "Your Numbers," and twenty corresponding prize amounts. If the holder reveals a "\$50 Burst" symbol in the "\$50 Bonus Spot," the holder wins fifty dollars automatically. If the holder reveals a "\$100 Burst" symbol in the "\$100 Bonus Spot," the holder wins one hundred dollars automatically. If the holder reveals a "\$500 Burst" symbol in the "\$500 Bonus Spot," the holder wins five hundred dollars automatically. If the holder matches one or more of the "Winning Numbers" to one or more of "Your Numbers," the holder wins the corresponding prize amount automatically. If the holder reveals a "5X" symbol, the holder wins five times the corresponding prize amount automatically. If the holder reveals a "10X" symbol, the holder wins ten times the corresponding prize amount automatically. If the holder reveals a "20X" symbol, the holder wins twenty times the corresponding prize amount automatically. If the holder reveals a "50X" symbol, the holder wins fifty times the corresponding prize amount automatically. There are twenty-three chances to win on each ticket, and a holder can win up to twenty-three times on one ticket.

(3) The only "prize values," which shall appear on a ticket in game rule number seven hundred seventy-seven are: one dollar, two dollars, three dollars, four dollars, five dollars, ten dollars, twenty dollars, twenty-five dollars, thirty dollars, fifty dollars, one hundred dollars, two hundred dollars, two hundred fifty dollars, five hundred dollars, one thousand dollars, two thousand five hundred dollars, ten thousand dollars, and an "Annuity Prize Award" of forty thousand dollars per year for twenty-five years before taxes or the "Elected Cash-Option Prize Award" of approximately five hundred thousand dollars before taxes in lieu of the "Annuity Prize Award." Numbers, prize values and play symbols appearing on any ticket in game rule number seven hundred seventy-seven shall be concealed by an opaque covering, which may be scratched off by the holder of the ticket to reveal the underlying numbers, prize values and play symbols.

(C) Price of tickets. The price of a ticket issued by the commission in game rule number seven hundred seventy-seven shall be ten dollars.

(D) Structure, nature and value of prize awards.

(1) There shall be one type of prize in game rule seven hundred seventy-seven, a "prize award."

(2) As used in this rule, "prize award" shall mean one of the following monetary figures, which is the total of all winning prize values appearing on the ticket: ten dollars, fifteen dollars, twenty dollars, twenty-five dollars, fifty dollars, one hundred dollars, two hundred fifty dollars, five hundred dollars, one thousand dollars, two thousand five hundred dollars, ten thousand dollars, twenty thousand dollars, and an "Annuity Prize Award" of forty thousand dollars per year for twenty-five years before taxes or the "Elected Cash Option" of approximately five hundred thousand dollars before taxes in lieu of the "Annuity Prize Award." Each ticket in game rule number seven hundred seventy-seven shall be imprinted in such a way that prize awards from the set listed above may be won.

(E) The number of prize awards in any sales cycle of game rule number seven hundred seventy-seven will depend upon the number of tickets sold during that cycle. However, distribution and availability for public purchase may be affected by, but not limited to, circumstances such as stolen, defective, missing, damaged, promotional, returned or partial reordered tickets. Tickets shall be printed in accordance with this rule using random techniques.

(1) Combinations winning each prize award are randomly distributed throughout all tickets printed in any given ticket issuance.

(2) For each line in column one of the appendix to this rule, except line eighty-nine, the holder having the prize value and multiplier, if any, on that same line in column three shall win the prize award on that same line in column four. A holder having the prize value set forth on line eighty-nine of column three of the appendix to this rule shall win either the "Annuity Prize Award" or the "Elected Cash Option Prize Award." The amounts set forth on line eighty-nine of column four of the appendix to this rule represent the estimated cost of annuity investment, at time of game development, to fund the "Annuity Prize Award." In a pool of six million tickets sold, mathematical reasoning suggests that the number of tickets having the prize value and multiplier, if any, set forth on a given lines in column three of the appendix to this rule should be as set forth on that same line in column five.

(F) Tickets sold. Chances of winning and the number of winning tickets are established at the time of printing and will change as prizes are won.

(G) Frequency of prize drawings.

(1) Random imprinting of prize awards on all tickets issued in game rule number seven hundred seventy-seven shall be accomplished in a manner, which complies with the commission's rules and procedures.

(2) When a ticket issued in game rule number seven hundred seventy-seven is sold or deemed sold in accordance with this rule and the covering material over any of the numbers, prize values and play symbols has been removed, the holder shall be deemed to have drawn the numbers, prize values and play symbols on that ticket, which determine whether the holder is entitled to a prize award. All prize awards shall be deemed announced no later than the last day of the sales cycle of game rule number seven hundred seventy-seven in which the ticket was sold.

(H) Special claim, entry, receipt and validation procedures. The director shall establish special claim, entry, receipt and validation procedures, including procedures for validation by sales agents of tickets winning prize awards, which are to be paid by sales agents in accordance with commission

rules. Prize awards shall be claimed within the time limits set forth by commission rules.

(I) Validity of tickets.

(1) A mechanical error in printing prize awards, symbols, words or other numbers on a ticket shall not automatically invalidate that ticket. To the extent feasible, the director shall establish procedures by which the holder of any ticket on which information is incorrectly printed due to mechanical malfunction may be advised of correct information for the ticket. If it is not technically feasible to recover the information from a mechanically misprinted ticket, the director may declare the ticket void and the holder shall be entitled to a return of the ticket price or a replacement ticket of comparable price.

(2) In addition to, but not in limitation of, all other power and authority conferred on the director by the commission's rules, the director may declare a ticket in game rule number seven hundred seventy-seven void if it is stolen, deactivated, not sold or deemed not sold in accordance with commission rules; if it is illegible, mutilated, altered, counterfeit, misregistered, reconstituted, miscut, defective, printed or produced in error or incomplete; if the ticket fails any of the validation tests or procedures established by the director; or if the ticket is obtained in violation of commission rules, including, but not limited to, by way of prize discounting prohibited under rule 3770-3-01 of the Administrative Code.
