

Ohio Administrative Code

Rule 3770:2-6-04 Video lottery operations; transportation, relocation, installation, certification, and storage of video lottery terminals.

Effective: December 28, 2017

Activity relating to or occurring in connection with video lottery terminals shall be performed in accordance with, and in a manner approved by, the director.

(A) Transportation of video lottery terminals. Five days prior to transportation of a video lottery terminal within the state, the video lottery sales agent and/or technology providers shall provide notification to the director. Notification shall be provided in a manner determined by the director to be acceptable. Waiver of the notification requirement may be requested in the case of unexpected or emergency shipments.

(B) Relocation and installation of video lottery terminals within a video lottery sales agent's facility. As required by the director, a video lottery sales agent shall provide the lottery with an updated video lottery terminal floor plan, which sets forth the number of video lottery terminals, the names of the video lottery terminal providers (and the number of video lottery terminals provided by each different video lottery terminal provider), and the location of each video lottery terminal.

(C) Certification. All certifications required by the lottery for video lottery terminals and video lottery games must be provided and must occur in accordance with rule 3770:2-5-01 of the Administrative Code. Any required procedures and certifications shall be in place prior to operation by the public of any video lottery terminal.

(D) Storage. Any video lottery terminals not in use, must be stored in a secured area approved by the director.
