

Ohio Administrative Code Rule 3772-10-20 Unsecured currency.

Effective: February 28, 2022

(A) Each casino operator must record the following information for currency inserted into a casino game, but found outside of the table game drop box or electronic gaming equipment (EGE) bill validator canister:

- (1) The table game number or EGE asset number wherein the currency was inserted;
- (2) The date the currency was found; and
- (3) The value of the currency.

(B) The unsecured items must be brought to the count room with the proceeds from casino gaming and included in the revenue for the associated game.
