

Ohio Administrative Code Rule 3772-11-14 Progressive table games.

Effective: [May 2, 2022](#)

Each table game that includes progressive manual payouts must have a progressive meter visible to patrons. If any part of the distribution to the progressive manual payouts is being used to fund a secondary manual payout, visible signage informing players of this supplemental distribution must be placed in the immediate area of the table. The existence of progressive manual payouts and the distributions to those manual payouts must be set forth in the published rules for each game having a progressive manual payout.
