

## Ohio Administrative Code

### Rule 3772-50-21 Independent skill-based amusement machine testing laboratory certification.

Effective: September 1, 2023

---

(A) An independent skill-based amusement machine testing laboratory must be certified under Chapter 3772-15 of the Administrative Code to be certified to scientifically test and technically evaluate skill-based amusement machines and equipment for compliance with Chapters 2915. and 3772. of the Revised Code and the rules adopted thereunder.

(B) An independent testing laboratory certified under Chapter 3772-15 of the Administrative Code may request to be certified by the commission to scientifically test and technically evaluate skill-based amusement machines. The independent testing laboratory must:

(1) Conduct a supplemental independent skill-based amusement machine testing laboratory compliance investigation that may include, but is not limited to, a review of the independent testing laboratory's:

(a) Staff experience and expertise testing skill-based amusement machines;

(b) Skill-based amusement machine test scripts; and

(c) Any other information as required by the executive director;

(2) Comply with all requirements and duties of certification in Chapter 3772-15 of the Administrative Code; and

(3) Agree to not testify at any administrative hearing or court proceeding against the commission with respect to any matter in which the commission has authority under Chapters 2915. or 3772. Of the Revised Code and the rules adopted thereunder.

(C) The certification to scientifically test and evaluate skill-based amusement machines and equipment will expire on the same date as the independent testing laboratory's certification granted
