(H) Directors and executive officers.

If action is to be taken with respect to election of directors, furnish the following information, in tabular form to the extent practicable, with respect to each person nominated for election as a director and each person whose term of office will continue after the meeting. If the solicitation is made on behalf of persons other than the issuer, the information required need be furnished only as to nominees of the persons making the solicitation.

(1) Identification of directors and officers. List the names and ages of all directors and officers of the issuer and all persons nominated or chosen to become directors or officers; indicate all positions and offices with the issuer held by each such person; state such person's term of office as director or officer and any period(s) during which such person has served as such; briefly describe any arrangement or understanding between such person and any other person or persons, naming such person(s), pursuant to which such person was or is to be selected as a director, officer, or nominee.

(2) Information furnished in issuer's annual report. The information regarding officers need not be furnished in proxy or information statements provided that such information is furnished in a separate item in the issuer's annual report to stockholders.

(3) Family relationships. State the nature of any family relationship not more remote than first cousin between any director, officer, or person nominated or chosen by the issuer to become a director or officer, and any such family relationship between any such person and any officer or director of any

(i) Which has made payments to the issuer or its subsidiaries during the issuer's last full fiscal year or which proposes to make payments to the issuer or its subsidiaries during the current fiscal year in excess of one per cent of the issuer's consolidated gross revenues for its last full fiscal year;

(ii) To which the issuer or its subsidiaries were indebted at any time during the issuer's last fiscal year in an aggregate amount in excess of one per cent of the issuer's total consolidated assets at the end of such fiscal year;

(iii) To which the issuer or its subsidiaries have made payments during such entity's last fiscal year or to which the issuer or its subsidiaries propose to make payments during such entity's current fiscal year in excess of one per cent of such entity's consolidated gross revenues for its last full fiscal year;

(iv) To determine whether payments made or proposed to be made exceed one per cent of the consolidated gross revenues of any entity, other than the issuer for such entity's last full fiscal year, it is appropriate to rely on information provided by the nominee or director;

(v) In calculating payments for property and services the following may be excluded:

(a) Payments where the rates or charges involved in the transaction are determined by competitive bids or the transaction involves the rendering of services as a public utility at rates or charges fixed in conformity with law or governmental authority;

(b) Payments which arise solely from the ownership of securities of the issuer and no extra or special benefit not shared on a pro rata basis by all holders of the class of securities is received.

(vi) In calculating indebtedness for purposes of paragraph (H)(7)(a)(ii) of this rule, debt securities which have been publicly offered, admitted to trading on a national securities exchange, or quoted in the automated quotation system of a registered securities association may be excluded.

(b) If the nominee or director is a member, employee of, or is associated with a law firm which the issuer has retained in the last two full fiscal years or proposes to retain in the current fiscal year where fees paid or anticipated to be paid by the issuer are material to either the law firm, the issuer, or both.

(c) If the nominee or director is a director, partner, officer, or employee of any investment banking firm which has performed services for the issuer other than as a participating underwriter in a syndicate in the last two full fiscal years or which the issuer proposes to have perform services in the current year.

(d) If the nominee or director is a control person of the issuer (other than solely as a director of the issuer).

(8) Audit:

(a) State whether the issuer has standing audit, nominating, and compensation committees of the

board of directors, or committees performing similar functions. If the issuer has such committees, however designated, identify each committee member, state the number of committee meetings held by each such committee during the last fiscal year, and describe briefly the functions performed by such committees.

(b) If the issuer has a nominating or similar committee, state whether the committee will consider nominees recommended by shareholders and, if so, describe the procedures to be followed by shareholders in submitting such recommendations.

(9) State the total number of meetings of the board of directors (including regularly scheduled and special meetings) which were held during the last full fiscal year. Name each incumbent director who during the last full fiscal year attended fewer than seventy-five per cent of the aggregate of:

(a) The total number of meetings of the board of directors (held during the period for which he has been a director); and

(b) The total number of meetings held by all committees of the board on which the incumbent director(s) served (during the periods that the incumbent director(s) served).

(10) If a director has resigned or declined to stand for reelection to the board of directors since the date of the last annual meeting of shareholders because of a disagreement with the issuer on any matter relating to the issuer's operations, policies, or practices, and if the director has furnished the issuer with a letter describing such disagreement and requesting that the matter be disclosed, the issuer shall state the date of resignation or declination to stand for reelection and summarize the director's description of the disagreement. If the issuer believes that the description provided by the director is incorrect or incomplete, the issuer may include a brief statement presenting its views on the disagreement.

(11) With respect to those classes of voting stock which participated in the election of directors at the most recent meeting at which directors were elected:

(a) State the percentage of shares present at the meeting and voting or withholding authority to vote in the election of directors; and

(b) Disclose in tabular format, the percentage of total shares cast for and withheld from the vote for or, where applicable, cast against, each nominee, which, respectively, were voted for and withheld from the vote for, or voted against, such nominee. When groups of classes or series of classes vote together in the election of a director or directors, they shall be treated as a single class for the purpose of the preceding sentence.

(12) Instructions:

(a) Calculate the percentage of shares present at the meeting and voting or withholding authority to vote in the election of directors, referred to in paragraph (H)(11)(a) of this rule, by dividing the total shares cast for and withheld from the vote for or, where applicable, voted against, the director in respect of whom the highest aggregate number of shares was cast by the total number of shares outstanding which were eligible to vote as of the record date for the meeting.

(b) No information need be given in response to paragraph (H)(11) of this rule unless, with respect to any class of voting stock (or group of classes which voted together), five per cent or more of the total shares cast for and withheld from the votes for or, where applicable, cast against any nominee were withheld from the vote for or cast against such nominee.

(c) If an issuer elects less than the entire board of directors annually, disclosure is required as to all directors if five per cent or more of the total shares cast for and withheld from the votes for, or, where applicable, cast against any incumbent director were withheld from, or cast against the vote for such director at the meeting at which he was most recently elected.

(d) No information need be given in response to paragraph (H)(11) of this rule if the issuer has previously furnished to its security holders a report of the most recent meeting of security holders at which directors were elected which includes:

(i) A description of each matter voted upon at the meeting and a statement of the percentage of the shares voting which were voted for and against each such matter; and

(ii) The information which would be called for by paragraph (H)(11) of this rule. If an issuer has

previously furnished such results to its security holders, this fact should be set forth in a letter accompanying the filing of preliminary proxy materials with the superintendent of insurance.

(I) Remuneration of directors and officers.

(1) Furnish the following information if action is to be taken with regard to:

(a) The election of directors;

(b) Any bonus, profit sharing or other remuneration plan, contract, or arrangement in which any director, nominee for election as a director, or officer of the issuer will participate;

(c) Any pension or retirement plan in which any such person will participate; or

(d) The granting or extension to any such person of any options, warrants or rights to purchase any securities, other than warrants or rights issued to security holders as such, on a pro rata basis. If the solicitation is made on behalf of persons other than the issuer, the information required need be furnished only as to nominees of the person making the solicitation and associates of such nominees.

(2) Current remuneration. Furnish the information required below, in substantially the tabular form set forth in appendix II to this rule, concerning all remuneration of the following persons and groups for services in all capacities to the issuer and its subsidiaries during the issuer's last fiscal year, or, in specified instances, certain prior fiscal years:

(a) Five officers or directors. Each of the five most highly compensated officers or directors of the issuer as to whom the total remuneration required to be disclosed in columns C1 and C2 of the table set forth in appendix II to this rule, would exceed fifty thousand dollars, naming each such person; and

(b) All officers or directors. All officers and directors of the issuer as a group, stating the number of persons in the group without naming them.

(c) Information to be included. Columns C1, C2, and D of the table set forth in appendix II to this rule should contain, with respect to each person or group of persons specified in paragraphs (I)(2)(a)

and (I)(2)(b) of this rule, a dollar amount which reflects the total of all items of remuneration described in the heading to that column including, but not necessarily limited to, those items set forth in the subparagraphs of that column.

(i) Column C of the table set forth in appendix II to this rule shall include all cash and cash equivalent forms of remuneration received during the fiscal year and all such amounts accrued during the fiscal year which, with reasonable certainty, will be distributed or vested in the future.

(ii) Column C1 of the table set forth in appendix II to this rule shall include salaries, bonuses, fees, and commissions, including:

(a) All cash remuneration distributed or accrued in the form of salaries, commissions, bonuses, and fees for services rendered.

(b) Compensation earned for services performed in the latest fiscal year even if it is deferred for future payment.

(c) Payments received in the latest fiscal year but earned in prior years which were deferred until the latest year, if such amounts were not shown in an earlier proxy statement or annual report to stockholders.

(iii) Column C2 of the table set forth in appendix II to this rule shall include securities, property, insurance benefits or reimbursements, and personal benefits (perquisites), including:

(a) The spread between the acquisition price, if any, and fair market price of securities or property acquired under any contract, plan, or arrangement.

(b) Cost of any life insurance premiums, health insurance premiums, and medical reimbursement plans. Premiums for nondiscriminatory plans generally available to all salaried employees are excluded.

(c) Personal benefits (perquisites) not directly related to job performance, excluding benefits provided on a nondiscriminatory basis, valued on the basis of cost to the issuer of providing such

benefits.

- (i) If unreasonable effort or expense is required to determine the amounts of personal benefits, they may be omitted if their aggregate value does not exceed ten thousand dollars for each officer.
- (ii) If the amount of personal benefits exceed ten per cent of the amount of total remuneration, or twenty-five thousand dollars, whichever is less, the amount and a brief description of the benefits must be disclosed in a footnote.
- (d) Vested company contributions to thrift, profit sharing, pension, stock purchase, and similar plans.
- (iv) Column D of the table set forth in appendix II to this rule shall include all contingent forms of remuneration, vesting, and measurement of which is subject to future events. Report only amounts relating to the latest fiscal year, not amounts accrued in previous periods. Column D shall also include:
 - (a) The amount expensed for financial reporting purposes representing nonvested contributions, payments, or accruals under any pension or retirement plans, annuities, employment contracts, and deferred compensation plans, including IRS qualified plans, unless the amount for the individual cannot be separated, in which case a footnote is required indicating the percentage which contributions to the plan bear to participants' total remuneration.
 - (b) The amounts expensed for financial reporting purposes under any incentive compensation plans (long-term income plans), such as stock appreciation rights, stock options, and performance share plans, where the payout is based on objective standards or stock values. In subsequent years, if the corporation credits compensation expense for financial reporting purposes as a result of a decline in the value of contingent compensation, column D may be reduced by a corresponding amount. A footnote explaining such action should be included.
 - (c) The amount expensed for financial reporting purposes for any nonvested contribution payment or accrual to stock purchase plans, profit sharing, and thrift plans whether or not they are qualified under the Internal Revenue Code.

(d) Transactions with third parties. Paragraph (I)(2) of this rule, among other things, includes transactions between the issuer and a third party when the primary purpose of the transaction is to furnish remuneration to the persons specified in paragraph (I)(2) of this rule. Other transactions between the issuer and third parties in which persons specified in paragraph (I)(2) of this rule have an interest, or may realize a benefit, generally are addressed by other disclosure requirements concerning the interest of management and others in certain transactions. Paragraph (I)(2) of this rule does not require disclosure of remuneration paid to a partnership in which any officer or director was a partner; any such transaction should be disclosed pursuant to these other disclosure requirements and not as a note to the remuneration table set forth in appendix II to this rule presented pursuant to paragraph (I)(2) of this rule.

(e) Other permitted disclosure. The issuer may provide additional disclosure through a footnote to the table set forth in appendix II to this rule, through additional columns, or otherwise describing the components of aggregate remuneration in such greater detail as is appropriate.

(3) Proposed remuneration:

(a) Briefly describe all remuneration payments proposed to be made in the future, pursuant to any existing plan or arrangement to the persons and groups specified in paragraph (I)(2) of this rule. As to defined benefit or actuarial plans with respect to which amounts are not included in the table set forth in appendix II to this rule, include a separate table showing the estimated annual benefits payable upon retirement to persons in specified remuneration and years-of-service classification.

(b) Information need not be furnished with respect to any group life, health, hospitalization, or medical reimbursement plans which do not discriminate in favor of officers or directors of the issuer and which are available generally to all salaried employees.

(4) Remuneration of directors. Describe any standard or special arrangements, stating amounts, by which directors of the issuer are compensated for services as a director.

(5) Options, warrants, or rights:

(a) Furnish the information required by the table set forth in appendix III to this rule as to all options

to purchase securities from the issuer or its subsidiaries which were granted to or exercised by the persons and groups specified in paragraph (I)(2) of this rule since the beginning of the issuer's last fiscal year, and as to all options held by such persons as of the latest practicable date.

(b) The information included in the table set forth in appendix III to this rule will show as to each director, officer, and as to all directors and officers as a group:

(i) The amount of options granted since the beginning of the issuer's last full fiscal year;

(ii) The amount of shares acquired since the date through the exercise of options;

(iii) The amount of shares of the same class sold during such period; and

(iv) The amount of shares subject to all unexercised options held as of the most recent practicable date.

(c) Instructions:

(i) All figures should be adjusted, where applicable, in accordance with the terms of the options to reflect stock splits and to give effect to share dividends.

(ii) Other tabular presentations are acceptable if they include the necessary data. Tabular presentation may not be needed if only a limited number of options have been granted.

(iii) Total market value:

(a) Where the total market value on the granting dates of the securities called for by all options granted during the period specified does not exceed ten thousand dollars for any officer or director named in answer to paragraph (I)(2) of this rule, or forty thousand dollars for all officers and directors as a group, this item need not be answered with respect to options granted to such person or group.

(b) Where the total market value on the dates of purchase of all securities purchased through the

exercise of options during the period specified does not exceed ten thousand dollars for any such person or forty thousand dollars for such group, this item need not be answered with respect to options exercised by such person or group.

(c) Where the total market value as of the latest practicable date of the securities called for by all options held at such time does not exceed ten thousand dollars for any such person or forty thousand dollars for such group, this item need not be answered with respect to options held as of the specified date by such person or group.

(d) The term "options" as used in paragraph (I)(5) of this rule includes all options, warrants, or rights, other than those issued to security holders as such on a pro rata basis. Where the average option price per share is called for, the weighted average price per share shall be given.

(e) The extension, regranting or material amendment of options is deemed the granting of options within the meaning of paragraph (I)(5) of this rule.

(f) If the options relate to more than one class of securities, the information shall be given separately for each such class.

(6) Indebtedness of management.

(a) State as to each of the following persons who was indebted to the issuer or its subsidiaries at any time since the beginning of the last fiscal year of the issuer:

(iv) The rate of interest paid or charged thereon:

(a) Each director or officer of the issuer;

(b) Each nominee for election as a director; and

(c) Each associate of any such director, officer, or nominee.

(b) Paragraph (I)(6) of this rule does not apply to:

(ii) Indebtedness under an insurance policy.

(7) Transactions with management.

(a) Describe briefly any transaction since the beginning of the issuer's last fiscal year or any presently proposed transactions, to which the issuer or any of its subsidiaries was or is to be a party, in which any of the following persons had or is to have a direct or indirect material interest, naming such person and stating such person's relationship to the issuer, the nature of such person's interest in the transaction, and, where practicable, the amount of such interest:

(i) Any director or officer of the issuer;

(iii) Any security holder who is known to the issuer to own of record or beneficially more than ten per cent of any class of the issuer's voting securities; and

(iv) Any relative or spouse of any of the foregoing persons, or any relative of such spouse, who has the same home as such person or who is a director or officer of any parent or subsidiary of the issuer.

(b) Describe briefly any material legal proceedings to which any such person is a party adverse to the issuer or any of its subsidiaries or has a material interest adverse to the issuer or any of its

subsidiaries.

(c) No information need be given in response to paragraph (I)(7) of this rule as to any remuneration or other transaction reported in response to paragraph (I)(2), (I)(3), (I)(4), (I)(5), or (I)(6) of this rule, or as to any transaction with respect to which information may be omitted pursuant to these items.

(d) No information need be given in answer to paragraph (I)(7) of this rule as to any transaction where:

(i) The rates or charges involved in the transaction are determined by competitive bids, or at rates or charges fixed in conformity with law or governmental authority;

(ii) The transaction involves services as a bank depository of funds, transfer agent, registrar, trustee under a trust indenture, or similar services;

(iii) The amount involved in the transactions or series of similar transactions, including all periodic installments in the case of any lease or other agreement providing for periodic payments or installments, does not exceed forty thousand dollars; or

(iv) The interest of the specified person arises solely from the ownership of securities of the issuer and the specified person receives no extra or special benefit not shared on a pro rata basis by all holders of securities of the class.

(e) This item calls for disclosure of indirect, as well as direct, material interests in transactions. A person who has a position or relationship with a firm, corporation, or other entity, which engages in a transaction with the issuer or its subsidiaries, may have an indirect interest in such transaction by reason of such position or relationship. A person does not to have a material indirect interest in a transaction within the meaning of paragraph (I)(7) of this rule where:

(i) The interest arises only:

(a) From such person's position as a director of another corporation or organization (other than a partnership) which is a party to the transaction; or

(b) From the direct or indirect ownership by such person and all other persons specified in paragraph (I)(7) of this rule of less than a ten per cent equity interest in another person (other than a partnership) which is a party to the transaction; or

(c) From both such position and ownership.

(ii) The interest arises only from such person's position as a limited partner in a partnership in which that person and all other persons specified in paragraph (I)(7) of this rule had an interest of less than ten per cent; or

(iii) The interest of such person arises solely from the holding of an equity interest (including a limited partnership interest but excluding a general partnership interest) or a creditor interest in another person which is a party to the transaction with the issuer or any of its subsidiaries and the transaction is not material to such other person.

(f) Instructions:

(i) In describing any transactions involving the purchase or sale of assets by or to the issuer or any of its subsidiaries, otherwise than in the ordinary course of business, state the cost of the assets to the purchaser and, if acquired by the seller within two years prior to the transaction, the cost thereof to the seller. Indicate the principle followed in determining the issuer's purchase or sale price and the name of the person making such determination.

(ii) Information shall be furnished in answer to this item with respect to transactions not excluded above which involve remuneration from the issuer or its subsidiaries, directly or indirectly, to any of the specified persons for services in any capacity unless the interest of such persons arises solely from the ownership individually and in the aggregate of less than ten per cent of any class of equity securities of another corporation furnishing the services to the issuer or its subsidiaries.

(8) Transactions with pension or similar plans:

(a) Describe briefly any transactions since the beginning of the issuer's last fiscal year, or any

presently proposed transactions, to which any pension, retirement, savings or similar plan provided by the issuer, or any of its parents or subsidiaries was or is to be a party, in which any of the persons specified in paragraph (I)(7) of this rule or the issuer or any of its subsidiaries had or is to have a direct or indirect material interest, naming such person and stating such person's relationship to the issuer, the nature of such person's interest in the transaction and, where practicable, the amount of such interest.

(b) No information need be given in answer to paragraph (I)(8) of this rule with respect to:

(i) Payments to the plan, or payments to beneficiaries, pursuant to the terms of the plan;

(ii) Payment of remuneration for services not in excess of five per cent of the aggregate remuneration received by the specified person during the issuer's last fiscal year from the issuer and its subsidiaries; or

(iii) Any interest of the issuer or any of its subsidiaries which arises solely from its general interest in the success of the plan.

(c) Instructions:

(i) Paragraph (I)(7)(c) of this rule applies to paragraph (I)(8) of this rule.

(ii) Without limiting the general meaning of the term "transaction," include any remuneration received or any loans received or outstanding during the period, or proposed to be received.

(J) Matters related to accounting. If the solicitation is made on behalf of the issuer and relates to an annual meeting of security holders at which directors are to be elected, or financial statements are included, furnish the following information:

(1) If the issuer's financial statements are not certified by independent public or certified accountants, so state.

(2) If the board of directors has no audit or similar committee, so state.

- (3) If the issuer's financial statements are certified by independent public or certified accountants, so state and provide the following information:

 - (b) The name of the principal accountant for the fiscal year most recently completed if different from the accountant selected or recommended for the current year or if no accountant has been elected or recommended for the current year.
 - (c) If a change or changes in accountants have taken place since the date of the proxy statement for the most recent annual meeting of shareholders, so state, and if in connection with such change(s) a material disagreement in connection with financial disclosure between the accountant and issuer has occurred, the disagreement shall be described. Prior to filing the preliminary proxy materials with the superintendent of insurance which contains or amends such description, the issuer shall furnish the description of the disagreement to any accountant with whom the disagreement has occurred. If that accountant believes that the description of the disagreement is incorrect or incomplete, the accountant may include a brief statement, not to exceed two hundred words, in the proxy statement presenting the accountant's view of the disagreement. This statement shall be submitted to the issuer within ten business days of the date the accountant receives the issuer's description.
 - (d) The proxy statement shall indicate whether representatives of the principal accountants for the current year and for the most recently completed fiscal year are expected to be present at the stockholders' meeting with the opportunity to make a statement if they desire to do so and whether such representatives are expected to be available to respond to appropriate questions.
 - (e) If any change in accountants has taken place since the date of the proxy statement for the most recent annual meeting of shareholders, state whether such change was recommended or approved by:
