

Ohio Administrative Code

Rule 3901-3-02 Regulation and registration of insurers under the Insurance Holding Company Regulatory Act.

Effective: June 1, 2023

(A) Purpose

The purpose of this rule is to interpret certain terms, establish standards, and to promulgate forms to be adhered to in the regulation and registration of insurers authorized to do business in this state.

(B) Authority

This rule is promulgated pursuant to the authority vested in the superintendent under section 3901.041 of the Revised Code. Sections 3901.32 to 3901.37 of the Revised Code, provide for the regulation and registration of insurance holding company systems.

(C) Definitions

(2) "Ultimate controlling person" means that person within an insurance holding company system which is not controlled by any other person.

(3) "Insurer" as defined in division (F) of section 3901.32 of the Revised Code includes, but is not limited to, domestic, foreign, and alien stock or mutual insurance companies, mutual protective insurance associations, fraternal benefit societies, risk retention groups domiciled in this state as described in division (A) of section 3960.02 of the Revised Code, reciprocals, title guarantee and trust companies, health insuring corporations, and any other persons engaged either directly or indirectly in this state in the business of insurance which is subject to regulation by the superintendent of insurance.

(4) "Applicant" means a person or persons seeking to control an insurer.

(5) All other terms used herein shall have the same meanings prescribed in section 3901.32 of the Revised Code unless the context otherwise requires. Other nomenclature or terminology is according to the Revised Code, or insurance usage if not defined by the Revised Code.

(D) Registration of insurer--statement filing

An insurer required to file a registration statement or an amendment thereto pursuant to section 3901.33 of the Revised Code shall furnish the required information on form B as outlined in paragraph (M) of this rule.

(E) Amendments

(1) Form B is the annual registration statement to be filed annually by the registered insurer on or before June one, each year after the initial registration. Such annual filing shall restate the form B and make current all information in the form B, including amendments filed during the current reporting year.

(2) An amendment to form B shall be filed within fifteen days after the end of any month in which the following occurs:

(a) There is a change in the control of the registered insurer, in which case the entire form B shall be made current;

(b) There is a material change in or addition to the information given in item 5 or item 6 of form B.

(F) Alternative and consolidated registrations

(1) Any insurer authorized to do business in this state may file a registration statement on behalf of any affiliated insurer or insurers which are required to register under section 3901.33 of the Revised Code. Such registration statement may include information regarding any insurer in the insurance

holding company system even if such insurer is not authorized to do business in this state. In lieu of filing a registration statement on form B, an insurer authorized to do business in this state may file a copy of the registration statement or similar report which it is required to file in its state of domicile, provided:

(a) The statement or report contains substantially similar information required to be furnished on form B; and

(b) The filing insurer is the principal insurance company in the insurance holding company system.

(2) The question of whether the filing insurer is the principal insurance company in the insurance holding company system is a question of fact and an insurer filing a registration statement or report in lieu of form B on behalf of an affiliated insurer shall set forth a simple statement of facts which will substantiate the filing insurer's claim that it, in fact, is the principal insurer in the insurance holding company system.

(3) With the prior approval of the superintendent, an insurer not authorized to do business in this state may follow any of the procedures which could be done by an insurer authorized to do business in this state under paragraph (F)(1) of this rule.

(4) Two or more affiliated insurers subject to registration may file a consolidated registration statement or consolidated reports amending their consolidated registration statement or their individual registration statements. The superintendent, however, reserves the right to require individual registration statements if he deems it necessary in the interest of clarity, ease of administration or the public good.

(G) Exemptions

(1) A foreign or alien insurer otherwise subject to section 3901.33 of the Revised Code shall not be required to register pursuant to section 3901.33 of the Revised Code if it is subject to disclosure requirements and standards adopted by statute or regulation in the jurisdiction of its domicile which are substantially similar to those contained in section 3901.33 of the Revised Code.

(2) The state of entry of an alien insurer shall be deemed to be its domiciliary state for the purposes of section 3901.33 of the Revised Code.

(3) Any insurer not otherwise exempt from section 3901.33 of the Revised Code may apply for an exemption from the requirements of section 3901.33 of the Revised Code by submitting a statement to the superintendent setting forth its reasons for being exempt. No exemption shall be granted except upon written order of the superintendent, stating his findings, made after a hearing held upon not less than ten days written notice to the insurer requesting the exemption.

(H) Disclaimers and termination of registration

(1) A disclaimer of affiliation pursuant to division (J) of section 3901.33 of the Revised Code or a request for termination of registration pursuant to division (F) of section 3901.33 of the Revised Code claiming that a person does not, or will not upon the taking of some proposed action, control any other person (hereinafter referred to as the "subject") shall contain the following:

(a) The number of authorized, issued and outstanding voting securities of the subject:

(b) With respect to the person whose control is denied and all affiliates of such person:

(i) The number and percentage of shares of the subject's voting securities which are held of record or know to be beneficially owned, and the number of such shares concerning which there is a right to acquire, directly or indirectly;

(ii) Information as to all transactions in any voting securities of the subject which were effected during the past six months by such persons;

(c) All material relationships and bases for affiliations between the subject and the person whose control is denied and all affiliates of such person;

(d) A statement explaining why such person should not be considered to control the subject.

(2) A request for termination of registration shall be deemed to have been granted unless the

superintendent, within thirty days after he received the request, notifies the registered insurer otherwise.

(I) Enterprise risk report

The ultimate controlling person of an insurer required to file an enterprise risk report, pursuant to division (K) of section 3901.33 of the Revised Code, shall furnish the required information on form F, hereby made a part of this rule.

(J) Group capital calculation

(1) Where an insurance holding company system has previously filed the annual group capital calculation at least once, the lead state commissioner has the discretion to exempt the ultimate controlling person from filing the annual group capital calculation if the lead state commissioner makes a determination based upon that filing that the insurance holding company system meets all of the following criteria:

(a) Has annual direct written and unaffiliated assumed premium (including international direct and assumed premium), but excluding premiums reinsured with the "Federal Crop Insurance Corporation" and "Federal Flood Program", of less than one billion dollars;

(b) Has no insurers within its holding company structure that are domiciled outside of the United States or one of its territories;

(c) Has no banking, depository or other financial entity that is subject to an identified regulatory capital framework within its holding company structure;

(d) The holding company system attests that there are no material changes in the transactions between insurers and non-insurers in the group that have occurred since the last filing of the annual group capital; and

(e) The non-insurers within the holding company system do not pose a material financial risk to the insurer's ability to honor policyholder obligations.

(2) Where an insurance holding company system has previously filed the annual group capital calculation at least once, the lead state commissioner has the discretion to accept in lieu of the group capital calculation a limited group capital filing if:

The insurance holding company system has annual direct written and unaffiliated premium (including international direct and assumed premium), but excluding premiums reinsured with the "Federal Crop Insurance Corporation" and "Federal Flood Program", of less than one billion dollars; and all of the following additional criteria are met:

(a) Has no insurers within its holding company structure that are domiciled outside of the United States or one of its territories;

(b) Does not include a banking, depository or other financial entity that is subject to an identified regulatory capital framework; and

(c) The holding company system attests that there are no material changes in transactions between insurers and non-insurers in the group that have occurred since the last filing of the report to the lead state commissioner and the non-insurers within the holding company system do not pose a material financial risk to the insurers ability to honor policyholder obligations.

(3) For an insurance holding company that has previously met an exemption with respect to the group capital calculation pursuant to paragraph (J)(1) or (J)(2) of this rule, the lead state commissioner may require at any time the ultimate controlling person to file an annual group capital calculation, completed in accordance with the NAIC group capital calculation instructions, if any of the following criteria are met:

(a) Any insurer within the insurance holding company system is in a risk-based capital action level event as set forth in section 3903.84 of the Revised Code or a similar standard for a non-U.S. insurer;
or

(b) Any insurer within the insurance holding company system meets one or more of the standards of an insurer deemed to be in hazardous financial condition as defined in rule 3901-3-04 of the

Administrative Code; or

(c) Any insurer within the insurance holding company system otherwise exhibits qualities of a troubled insurer as determined by the lead state commissioner based on unique circumstances including, but not limited to, the type and volume of business written, ownership and organizational structure, federal agency requests, and international supervisor requests.

(4) A non-U.S. jurisdiction is considered to "recognize and accept" the group capital calculation if it satisfies the following criteria:

(a) With respect to the division (L)(4)(d) of section 3901.33 of the Revised Code:

(i) The non-U.S. jurisdiction recognizes the U.S. state regulatory approach to group supervision and group capital, by providing confirmation by a competent regulatory authority, in such jurisdiction, that insurers and insurance groups whose lead state is accredited by the NAIC under the NAIC accreditation program shall be subject only to worldwide prudential insurance group supervision including worldwide group governance, solvency and capital, and reporting, as applicable, by the lead state and will not be subject to group supervision, including worldwide group governance, solvency and capital, and reporting, at the level of the worldwide parent undertaking of the insurance or reinsurance group by the non-U.S. jurisdiction; or

(ii) Where no U.S. insurance groups operate in the non-U.S. jurisdiction, that non-U.S. jurisdiction indicates formally in writing to the lead state with a copy to the international association of insurance supervisors that the group capital calculation is an acceptable international capital standard. This will service as the documentation otherwise required in paragraph (J)(4)(a)(i) of this rule.

(b) The non-U.S. jurisdiction provides confirmation by a competent regulatory authority in such jurisdiction that information regarding insurers and their parent, subsidiary, or affiliated entities, if applicable, shall be provided to the lead state commissioner in accordance with a memorandum of understanding or similar document between the commissioner and such jurisdiction, including but not limited to the international association of insurance supervisors multilateral memorandum of understanding or other multilateral memoranda of understanding coordinated by the NAIC. The commissioner shall determine, in consultation with the NAIC committee process, if the requirements

of the information sharing agreements are in force.

(5) A list of non-U.S. jurisdictions that "recognize and accept" the group capital calculation will be published through the NAIC committee process:

(a) A list of jurisdictions that "recognize and accept" the group capital calculation pursuant to division (L)(4)(d) of section 3901.33 of the Revised Code, is published through the NAIC committee process to assist the lead state commissioner in determining which insurers shall file an annual group capital calculation. The list will clarify those situations in which a jurisdiction is exempted from filing under division (L)(4)(d) of section 3901.33 of the Revised Code. To assist with a determination under division (L)(5) of section 3901.33 of the Revised Code, the list will also identify whether a jurisdiction that is exempted under either division (L)(4)(c) or (L)(4)(d) of section 3901.33 of the Revised Code requires a group capital filing for any U.S. based insurance group's operations in that non-U.S. jurisdiction.

(b) For a non-U.S. jurisdiction where no U.S. insurance groups operate, the confirmation provided to meet the requirement of paragraph (J)(4)(a)(ii) of this rule will serve as support for recommendation to be published as a jurisdiction that "recognizes and accepts" the group capital calculation through the NAIC committee process.

(c) If the lead state commissioner makes a determination pursuant to division (L)(4)(d) of section 3901.33 of the Revised Code that differs from the NAIC list, the lead state commissioner shall provide thoroughly documented justification to the NAIC and other states.

(d) Upon determination by the lead state commissioner that a non-U.S. jurisdiction no longer meets one or more of the requirements to "recognize and accept" the group capital calculation, the lead state commissioner may provide a recommendation to the NAIC that the non-U.S. jurisdiction be removed from the list of jurisdictions that "recognize and accepts" the group capital calculation.

(K) Extraordinary dividends and other distributions

Request for approval of extraordinary dividends or any other extraordinary distribution shall include the following:

- (1) The amount of extraordinary dividend or extraordinary distribution;
- (2) The date established for payment of the dividend or distribution;
- (3) A statement as to whether the dividend or distribution is to be in cash or other property and, if in property, a description thereof, its cost, and the fair market value of such property together with an explanation of the basis for valuation;
- (4) The amounts and dates of all dividends or distributions paid within the period of twelve consecutive months ending on the date fixed for payment of the proposed dividend or distribution for which approval is sought and commencing on the day after the same day of the same month in the last preceding year;
- (5) A balance sheet and statement of income for the period intervening from the last annual statement filed with the superintendent and the end of the month preceding the month in which the request for dividend or distribution approval is submitted;
- (6) A brief statement as to the effect of the proposed dividend or distribution upon the insurer's surplus and the reasonableness of surplus in relation to the insurer's outstanding liabilities and the adequacy of surplus relative to the insurer's financial needs.

(L) Form B: instructions

(1) General requirements

(a) Form B is intended to be a guide in the preparation of the statement required by section 3901.33 of the Revised Code. It is not intended to be a blank form which is to be filled in. The statement filed shall contain the numbers and captions of all items, but the text of the items may be omitted provided the answers thereto are so prepared as to indicate to the reader the coverage of the items without the necessity of his referring to the text of the items or the instructions thereto. All instructions, whether appearing under the items of the form or elsewhere therein, are to be omitted. Unless expressly provided otherwise, if any item is not applicable or the answer thereto is in the negative, an

appropriate statement to that effect shall be made;

(b) Each statement, including exhibits and all other documents filed as a part thereof, shall be filed with the superintendent in physical or electronic form. If a consolidated report is made to amend the individual registration statement of more than one insurer, one complete copy of such report shall be filed. (c) All copies of any statement, report, financial statement, or exhibits shall be clear and easily readable. Debits in credit categories shall be designed so as to be clearly distinguishable as such. (2) Incorporation by reference, summaries and omissions.

(a) Information required by an item of form B may be incorporated by reference in answer or partial answer to any other item. Information contained in any financial statement, annual report, proxy statement, statement filed with a governmental authority, or any other document may be incorporated by reference in answer or partial answer to any item of form B provided such document is filed as an exhibit to the statement or report. Excerpts of documents may be filed as exhibits if the documents are extensive. Documents already on file with the superintendent need not be attached as exhibits. Matter shall not be incorporated by reference in any case where such incorporation would render the statement or report incomplete, unclear or confusing;

(b) Where an item requires a summary or outline of the provisions of any document, only a brief statement shall be made as to the most important provisions of the document. In addition to such statement, the summary or outline may incorporate by reference particular parts of any exhibit or document on file with the superintendent and may be qualified in its entirety by such reference. In

any case where two or more documents required to be filed as exhibits are substantially identical in all material respects except as to the parties thereto, the dates of execution, or other details, a copy of only one of the documents need be filed with a schedule identifying the omitted documents and setting forth the material details in which such omitted documents differ from the document of which a copy is filed. The superintendent may at any time in his discretion require the filing of copies of any omitted documents.

(3) Information unknown or unavailable and extension of time to furnish:

(a) Information required need be given only insofar as it is known or reasonably available to the registered insurer. If any required information is unknown and not reasonably available to the registered insurer, either because the obtaining thereof would involve unreasonable effort or expense, or because it rests peculiarly within the knowledge of another person not affiliated with the registered insurer filing, the information may be omitted, subject to the following conditions:

(i) The registered insurer shall give such information on the subject as it possesses or can acquire without unreasonable effort or expense, together with the sources thereof; and

(ii) The registered insurer shall include a statement either showing that unreasonable effort or expense would be involved or indicating the absence of any affiliation with the person within whose knowledge the information rests and stating the result of a request made to such person for the information.

(b) If it is impractical to furnish any required information, document or report at the time it is required to be filed, there may be filed with the superintendent as a separate document an application (i) identifying the information, document or report in question, (ii) stating why the filing thereof at the time required is impractical, and (iii) requesting an extension of time for filing the information, document or report to a specified date. The application shall be deemed granted unless the superintendent within thirty days after receipt thereof, shall enter an order denying the application.

(4) Additional information and exhibits.

In addition to the information expressly required to be included in form B, there shall be added such

further material information, if any, as may be necessary to make the information contained therein not misleading. Such exhibits shall be so marked as to indicate clearly the subject matters to which they refer.

(5) Amendments
