

## Ohio Administrative Code Rule 4117-1-17 Citations to authority.

Effective: January 2, 2005

---

(A) References to board opinions, orders, and other rulings shall cite the case by name with the official reporter opinion number and date or, if the matter has not been officially reported, the full case name, case number(s), and the date on which the cited ruling was issued.

(B) Proposed orders and recommended determinations shall not be cited as authority for any principle unless the analysis and discussion of the board member or administrative law judge has been expressly adopted by the board in accordance with rule 4117-1-15 of the Administrative Code.
