

Ohio Administrative Code

Rule 4141-37-05 Estimate of wages for bonding amount.

Effective: July 30, 2018

Where less than four quarters of wages were paid, or when wages in one quarter, or several quarters, differ substantially from others because of abnormal factors, as shown on the notice of election and any supplement thereto, the director, using such information as is available, may estimate the amount of the total wages of the reimbursing employer, or group of such employers, for covered employment for a normal four calendar quarter period and may determine the bonding amount based upon such estimate.
