

Ohio Administrative Code

Rule 4753-10-02 Ohio speech-language pathology graduate program requirements.

Effective: December 10, 2007

(A) The Ohio college or university speech-language pathology program designee will recommend the applicant for the speech-language pathology student permit.

(B) The Ohio college or university speech-language pathology program designee will attest to the applicant's completion of one year of graduate study in speech-language pathology, twenty-five hours of observation and seventy-five hours or more of clinical experience.

(C) The Ohio college or university speech-language pathology graduate program designee will recommend the practice setting for the applicant's speech-language pathology student permit.
