

Ohio Administrative Code Rule 4901:1-35-07 Discoverable agreements.

Effective: [May 7, 2009](#)

Upon submission of an appropriate discovery request during a proceeding establishing a standard service offer, an electric utility shall make available to the requesting party every contract or agreement that is between the electric utility or any of its affiliates and a party to the proceeding, consumer, electric service company, or political subdivision and that is relevant to the proceeding, subject to such protection for proprietary or confidential information as is determined appropriate by the commission.
