

Ohio Administrative Code

Rule 4901:2-23-03 Permitting of transportation network companies.

Effective: July 10, 2023

(A) No transportation network company may operate within this state unless such transportation network company possesses a current and valid permit issued by the commission pursuant to this chapter.

(B) To obtain a permit from the commission, an applicant makes payment of the application fee, submits a complete and accurate application form containing the affirmations required by section 4925.02 of the Revised Code, and provides the following: the name, address, telephone number and e-mail address of the applicant's Ohio point of contact and authorized statutory agent; an explanation of how the transportation network company complies with the insurance requirements outlined in sections 3942.02 to 3942.04 of the Revised Code, including non-expired certificate of insurance if the insurance policy is maintained by the transportation network company rather than the transportation network company driver; and any other information deemed necessary by the commission. Application forms should be posted on the commission's website.
