

## Ohio Administrative Code

### Rule 5120:1-5-04 Program participation requirements.

Effective: April 8, 2017

---

(A) A local or joint county corrections planning board or its designee, shall have responsibilities for managing the continuum of community control sanctions, including:

(1) Fiscal and operational requirements;

(2) Establishing programs that are consistent with paragraph (B) of rule 5120:1-5-03 of the Administrative Code.

(3) Complying with all the following requirements:

(a) Relevant local, state and federal laws;

(b) Relevant administrative rules of the department of rehabilitation and correction ("department");

(c) The department's bureau of community sanctions' policies, procedures and standards relating to these programs; and

(d) Any terms and conditions contained in the grant agreement between the county, group of counties, or municipality and the department; and

(4) Working cooperatively with other areas of the local criminal justice system and the department.

(B) The following shall be subject to a fiscal audit by personnel of the department:

(1) A county or municipality receiving funding for a community control sanction;

(2) Organizations contracting with a county, group of counties or municipality for services included in the approved grant application.

Each county, municipality or contracted organization that receives funding from the department for a community control sanction shall establish and maintain financial records for expenditures that relate directly to the program.
