

## Ohio Administrative Code

### Rule 5122-27-07 Addiction treatment level of care.

Effective: October 31, 2019

---

(A) The purpose of this rule is to establish criteria for assessing the appropriate level of care for each client receiving addiction services treatment.

(B) Providers shall determine level of care at admission, for continued stay, for change in level of care recommendation, and at discharge by conducting a multi-dimensional assessment utilizing the American society of addiction medicine criteria, also known as the ASAM patient placement criteria.

(C) When a client is placed in or referred to a level of care other than the assessed level of care, providers shall document the rationale.
