

Ohio Administrative Code Rule 5122-36-01 Purpose and definitions.

Effective: September 3, 2022

(A) The purpose of the RSS program is to provide cash assistance to medicaid-eligible aged, blind, or disabled adults who have increased needs due to a medical or behavioral health condition which may not be severe enough to require institutionalization. The RSS cash payment is used together with the individual's personal income to help prevent premature or unnecessary institutionalization and to deinstitutionalize those aged, blind, or disabled adults who do not need care in a long term care facility and are able to return to the community through alternative living arrangements. OhioMHAS is the RSS administrative agency, although area agencies on aging assist with level of care determinations and county departments of job and family services determine financial eligibility for the program.

(B) Definitions

As used throughout this chapter, the following definitions apply:
