

## Ohio Administrative Code

### Rule 5160-1-18 Telehealth.

Effective: July 15, 2022

---

(A) For the purposes of this rule, the following definitions apply:

(1) "Patient site" is the physical location of the patient at the time a health care service is provided through the use of telehealth.

(2) "Practitioner site" is the physical location of the treating practitioner at the time a health care service is provided through the use of telehealth.

(3) "Telehealth" is the direct delivery of health care services to a patient related to diagnosis, treatment, and management of a condition.

(a) Telehealth is the interaction with a patient via synchronous, interactive, real-time electronic communication comprising both audio and video elements; or

(b) The following activities that are asynchronous or do not have both audio and video elements:

(i) Telephone calls;

(ii) Remote patient monitoring; and

(iii) Communication with a patient through secure electronic mail or a secure patient portal.

(c) For services rendered by behavioral health providers as defined in rule 5160-27-01 of the Administrative Code, telehealth is defined in rule 5122-29-31 of the Administrative Code.

(d) Conversations or electronic communication between practitioners regarding a patient without the patient present is not considered telehealth unless the service would allow billing for practitioner to practitioner communication in a non-telehealth setting.

(B) Eligible providers.
