

## Ohio Administrative Code Rule 5501:6-1-06 Eligibility criteria.

Effective: November 1, 2007

---

The director shall determine the eligibility of a project based on the following criteria:

- (A) The status of environmental assessments and subsequent clearance processes are complete to the extent necessary to meet the funding source requirements;
  - (B) The status of preliminary engineering studies.
  - (C) Whether the borrower guarantees cost overruns;
  - (D) Whether the project will have an identifiable revenue source which, in the director's determination, likely will amortize the project debt;
  - (E) The borrower's ability to repay;
  - (F) The borrower's ability to manage the project;
  - (G) The borrower's working capital or operating funds;
  - (H) The public need or public benefit of the project;
  - (I) The borrower's available collateral; and
  - (J) The status of the project in relation to actual construction startup;
  - (K) Any other criteria the director determines appropriate.
