

Ohio Administrative Code Rule 5537-2-19 Traffic-control signals.

Effective: September 1, 2023

All operators of vehicles approaching lane-use control signals exhibiting colored lights shall comply with the lighted signals indicating the following:

- (A) Steady downward green arrow - indicates that the traffic lane over which the lighted signal is displayed is open to traffic.

 - (B) Steady red "X" - indicates that the traffic lane over which the lighted signal is displayed is closed to traffic.

 - (C) Flashing amber light - indicates that all traffic shall reduce speed and proceed with caution and in compliance with all supplemental and related traffic signs.
-
