

Ohio Administrative Code Rule 901-19-10 Testing requirements and test results.

Effective: [May 23, 2024](#)

This is a mandatory rule.

(A) Urine, blood, tissue, and other test samples shall be collected in accordance with the department's protocol for the collection of livestock test samples at exhibitions. Test samples may be collected before, during, or immediately after a show. Deviation from the protocol shall be noted by the official veterinarian.

(B) The director may at the director's discretion, collect any urine, blood, tissue, or other test samples from exhibition animals.

(C) The collection of samples and coordination activities are the responsibility of the official veterinarian.
