

## Ohio Administrative Code Rule 901:1-19-06 Animal found infected.

Effective: June 30, 2016

---

Equidae found infected with equine infectious anemia shall be either:

- (A) Sold for immediate slaughter with a permit and identified as prescribed by the department;
  - (B) Euthanized by the owner at owner's expense and disposed of as stipulated in section 941.14 of the Revised Code; or
  - (C) Held in continuous isolation at least two hundred yards from all non-quarantined equidae.
-
