

## Ohio Administrative Code

### Rule 901:10-2-07 Contents of a permit to operate and NPDES applications.

Effective: January 1, 2025

---

(A) The application for a permit to operate shall contain the following information:

(1) A manure management plan that is developed and implemented to comply with the best management practices set forth in rules 901:10-2-08 to 901:10-2-11, 901:10-2-13 to 901:10-2-16 and 901:10-2-18 of the Administrative Code;

(2) Plans or schedules for inspections required in rule 901:10-2-08 of the Administrative Code;

(3) An insect and rodent control plan that conforms to best management practices and is in accordance with rule 901:10-2-19 of the Administrative Code;

(4) A plan for odor minimization in accordance with rule 901:10-2-12 of the Administrative Code;  
and

(5) An emergency response plan in accordance with rule 901:10-2-17 of the Administrative Code.

(B) A biosecurity plan may be submitted with a permit to operate application.

(C) The owner or operator shall maintain a copy of the current permit to operate issued by the department at the concentrated animal feeding facility.

(D) Additional requirements for a permit to operate application may also include best management practices specified by the director for an animal feeding operation required to receive a permit to operate in accordance with section 903.082 of the Revised Code.
