

Ohio Administrative Code Rule 901:10-2-20 Annual report.

Effective: February 13, 2021

The owner or operator of a concentrated animal feeding operation with a permit must submit an annual report to the director. The annual report must include:

- (A) The number and type of animals, whether in open confinement or housed under roof (beef cattle, broilers, layers, chickens other than laying hens, swine weighing fifty-five pounds or more, swine weighing less than fifty-five pounds, mature dairy cows, dairy heifers, veal calves, sheep and lambs, horses, ducks, turkeys, other);
- (B) Estimated amount of total manure generated by the facility in the previous twelve months (tons/gallons);
- (C) Provide the amount of total manure transferred to other persons by the facility as recorded in the operating record in accordance with rule 901:10-2-11 of the Administrative Code;
- (D) Total number of acres for land application covered by the manure management plan developed in accordance with rule 901:10-2-07 of the Administrative Code;
- (E) Total number of acres under control of the facility that were used for land application of manure in the previous twelve months;
- (F) Summary of all manure discharges from the production area that have occurred in the previous twelve months, including date, time, and approximate volume; and
- (G) A statement indicating whether the current version of the facility's manure management plan was developed or approved by a certified nutrient management planner.
- (H) For NPDES permit annual reports, the actual crop(s) planted and actual yield(s) for each land application area under the control of the facility, the actual nitrogen and phosphorus content of the

manure from each manure storage or treatment facility, the results of calculations conducted in accordance with paragraph (D)(1)(g)(ix) of rule 901:10-3-01 of the Administrative Code, the amount of manure applied to each land application area under the control of the facility during the previous twelve months, the results of any soil testing for nitrogen and phosphorus taken during the preceding twelve months, the data used in calculations conducted in accordance with paragraph (D)(1)(g)(ix) of rule 901:10-3-01 of the Administrative Code, and the amount of any supplemental fertilizer applied during the previous twelve months.
