

Ohio Administrative Code

Rule 901:11-3-06 Incorporation by reference - good manufacturing practice, hazard analysis and risk-based preventive controls for human food.

Effective: [October 31, 2024](#)

The federal food safety regulations housed in 21C.F.R. part 117 are adopted in their entirety with the exception of those provisions amended or deleted by this chapter.

All manufacturers of frozen desserts, as defined in division (M) of section 917.01 of the Revised Code, shall comply with the rules of this chapter to determine if the frozen dessert has been manufactured under such conditions that render the frozen dessert safe, unadulterated, and not misbranded, and shall be inspected at least once in a twelve-month period by the director.
