

Ohio Administrative Code Rule 901:13-1-09 Wind erosion.

Effective: April 1, 2016

Each owner, operator, or person responsible for agricultural operations shall prevent pollution caused by wind erosion. Agricultural operations found by the director or the director's designee to have failed to implement best management practices (BMPs) to prevent wind erosion and have caused pollution to waters of the state shall apply and maintain BMPs such that the predicted soil loss from wind erosion, under a given set of cropping and management conditions is equal to or less than "T" as predicted by the "Field Office Technical Guide."
