

Ohio Administrative Code Rule 901:5-52-06 Inspection and disposal.

Effective: [October 3, 2024](#)

(A) The department may stop and inspect, in a reasonable manner, any container, conveyance, package, or vehicle reasonably believed to contain a regulated article.

(B) Any properly identified inspector is authorized to seize, treat, destroy, or otherwise dispose of articles found to be moving in violation of this chapter. Items will be destroyed only if it is determined by any ODA inspector that destruction is the only feasible method to avoid transportation of the life stages of spongy moth.
