

Ohio Administrative Code

Rule 901:9-1-33 Identification of equipment, rigging, bungee cord and safety equipment.

Effective: June 10, 2022

- (A) Each bungee cord shall have its own permanent identification number.
 - (B) The form of identification shall not damage or detract from the integrity of the material.
 - (C) The identification shall be clearly visible to the operators during daily operations.
 - (D) The identification of each piece of equipment shall be recorded in the site operating manual.
-
