

2024 Hospital Outpatient Services

Appendix

The five character codes included in the Ohio Bureau of Workers' Compensation (BWC) 2024 Hospital Outpatient Services Fee Schedule are obtained from Current Procedural Terminology (CPT®), copyright 2023 by the American Medical Association (AMA) and from the Health Care Procedure Coding System (HCPCS) National Level II Medicare codes.

CPT® is developed by the AMA as a listing of descriptive terms and five character identifying codes and modifiers for reporting medical services and procedures performed by physicians.

HCPCS are released by the Center for Medicare and Medicaid Services (CMS) as a listing of five character codes and descriptive terminology used for reporting supplies, materials and services by health care providers.

The responsibility for the content of the BWC 2024 Hospital Outpatient Services Fee Schedule is with the State of Ohio Bureau of Workers' Compensation and no endorsement by the AMA is intended or should be implied. The AMA disclaims responsibility for any consequences or liability attributable or related to any use, nonuse or interpretation of information contained in the BWC 2024 Hospital Outpatient Services Fee Schedule . No fee schedules, basic unit values, relative value guides, conversion factors or scales are included in any part of CPT®. Any use of CPT® outside of the BWC 2024 Hospital Outpatient Services Fee Schedule should refer to the most current Current Procedural Terminology which contains the complete and most current listing of CPT® codes and descriptive terms. Applicable FARS/DFARS apply.

For the purposes of the BWC 2024 Hospital Outpatient Services Fee Schedule, services and/or supplies must be medically necessary for the treatment of the work related injury. The following definitions apply:

Covered (C)	The procedure or service is covered.
By Report (BR)	The procedure or service is not typically covered and will not routinely be reimbursed. Many of the -BR codes are unclassified/unspecified generic codes and are currently assigned a dollar amount of \$0.00. Authorization and payment of codes identified as -BR need an individual analysis by the MCO prior to submission to BWC. An MCO analysis includes researching the appropriateness of the code in relation to the service or procedure. If the pricing is listed at \$0.00, the MCO will perform a cost comparison to determine a reasonable price. The MCO will utilize the price to negotiate a final reimbursement rate. The provider must submit a report to the MCO for reimbursement consideration.

Reasonable Cost (RC)	To calculate reasonable cost, the line item charge will be multiplied by the hospital's outpatient cost to charge ratio from the Medicare outpatient provider specific file in effect as of the calendar quarter immediately prior to the calendar quarter in which the hospital outpatient service was rendered. These services will not be wage index adjusted.
Not Routinely Covered (NRC)	The procedure or service is not covered unless application of the Miller criteria necessitates an exception. See: OAC 4123-6-16.2(B)(1) through (B)(3). Where coverage is necessary, the pricing is listed on the fee schedule. If the pricing is listed at \$0.00, the MCO will perform a cost comparison to determine a reasonable price. The MCO will utilize the price to negotiate a final reimbursement rate.
Never Covered (NC)	The procedure or service is never covered.
Modifiers	BWC accepts all industry-standard modifiers as published with CPT codes by the AMA and published by CMS with HCPCS level II codes in effect on the billed date of service. The modifier code set includes 2-digit ambulance modifiers that specify trip origin and destination. Unless otherwise specified in this document, modifiers will not affect the outpatient payable amount calculated for a procedure.
Modifier 50	Bilateral procedure. Reimbursement is 150% of outpatient payable amount.
Modifier 52	Reduced services. Reimbursement is 50% of outpatient payable amount.
Modifier 53	Discontinued procedures. Reimbursement is 50% of outpatient payable amount unless justification for higher specified percentage is supported by medical records documentation submitted pursuant to By Report guidelines.
Modifier 73	Discounted outpatient procedure prior to administration of anesthesia. Reimbursement is 50% of outpatient payable amount.
Modifier 74	Discontinued procedure after administration of anesthesia. Reimbursement is 100% of outpatient payable amount.

Provider-Based Billing	<p>BWC applies Medicare's provider-based billing methodology to excepted, non-excepted, and emergency off-campus provider-based departments. Items and services furnished at an off-campus provider-based department of a hospital are billed using the appropriate billing modifiers as applicable to reflect the billing of services as a provider-based facility.</p>
	<p>Non-Excepted Off-Campus Provider-Based Outpatient Department: Non-excepted services provided at an off-campus, outpatient, provider-based department of a hospital are to be reported with modifier -PN and will be reimbursed at 40% of outpatient payable amount.</p>
	<p>Off-Campus Provider-Based Emergency Department: Items and services furnished by off-campus provider-based emergency departments are to be reported with modifier -ER. Reimbursement is 100% of outpatient payable amount.</p>
	<p>Excepted Off-Campus Provider-Based Outpatient Department: Excepted services provided at an off-campus, outpatient, provider-based department, billed with modifier -PO, will be subject to a reduction as described in this paragraph. Excepted provider-based departments need to report modifier -PO, when applicable. The full Medicare methodology will be phased-in over two years as follows: For the BWC 2022 Hospital Outpatient Services Fee Schedule, reimbursement was 70% of outpatient payable amount. For the BWC 2023 Hospital Outpatient Services Fee Schedule and beyond, reimbursement is 40% of outpatient payable amount.</p>
	<p>Provider-based departments will bill using the applicable servicing address of the location where the services were provided. BWC may request evidence the requirements for a provider-based department have been met when billing with the applicable modifiers.</p>

Therapy Services	Codes listed in Table 10 are "always therapy" or "sometimes therapy" services. All always therapy codes need the use of a discipline specific modifier -GN, -GO, or -GP as permitted by scope of practice and clinical editing, except when 97750 is authorized by the MCO for an occupationally focused FCE. Sometimes therapy codes need the use of a discipline specific modifier when performed by a physical therapist, athletic trainer, occupational therapist, or speech therapist.
