

**3358: 14-5-18 Teaching/student supervision and welfare.**

(A) Faculty and non-faculty staff members because of their proximity to students are frequently confronted with situations which, if handled incorrectly, could result in liability to the college and personal liability to the staff member. It is the intent of the board of trustees to direct the preparation of guidelines that would minimize that possibility.

(B) The president shall establish guidelines to ensure a safe employee/student relationship.

(C) Most information concerning a student in the college is confidential under federal and state laws. Any staff member who shares confidential information with another person not authorized to receive the information may be subject to discipline or civil liability.
