

3358: 14-5-20 Criminal background checks and drug testing-nursing program.

Clinical agencies utilized by the nursing program may require a negative criminal background check and a negative drug screen. Although the college will make reasonable efforts to place admitted students in clinical experiences, it will be up to the host facility to determine whether a student will be allowed to be placed at that facility. A positive criminal background check or drug screen requires a conference with the dean of nursing to determine whether the student can continue in the clinical nursing program. Students with a positive background or drug screen may be dismissed from the nursing program.
