

Ohio Revised Code

Section 2106.19 Transfer of title to watercraft or outboard motor.

Effective: October 20, 1994

Legislation: Senate Bill 182 - 120th General Assembly

(A) Upon the death of a married resident who owned at least one watercraft, one outboard motor, or one of each at the time of death, the interest of the deceased spouse in one watercraft, one outboard motor, or one of each that is not otherwise specifically disposed of by testamentary disposition and that is selected by the surviving spouse immediately shall pass to the surviving spouse upon receipt by the clerk of the court of common pleas of both of the following:

(1) The title executed by the surviving spouse;

(2) An affidavit sworn by the surviving spouse stating the date of the decedent's death, a description of the watercraft, outboard motor, or both, its or their approximate value, and that the watercraft, outboard motor, or both are not disposed of by testamentary disposition.

The watercraft, outboard motor, or both shall not be considered an estate asset and shall not be included and stated in the estate inventory.

Transfer of a decedent's interest under this division does not affect the existence of any lien against a watercraft or outboard motor so transferred.

(B) Except for a watercraft, outboard motor, or both transferred as provided in division (A) of this section, the executor or administrator may transfer title to a watercraft or outboard motor in the manner provided for transfer of an automobile under divisions (B) and (C) of section 2106.18 of the Revised Code.
