(B) In each fiscal year for which the general assembly appropriates funds for purposes of this section, the department of education shall pay scholarships to attend chartered nonpublic schools in accordance with section 3317.022 of the Revised Code. (C) Scholarships under this section shall be awarded as follows:

(3) Beginning with the 2020-2021 school year, to eligible students who are entering any of grades kindergarten through twelve in that school year for the first time.

If the number of students described in division (D)(2) of this section who apply for a scholarship exceeds the number of available scholarships after awards are made under division (D)(1) of this section, the department shall select students described in division (D)(2) of this section by lot to receive any remaining scholarships.
  - (3) Third, to other eligible students who qualify under this section. If the number of students described in division (D)(3) of this section exceeds the number of available scholarships after awards are made under divisions (D)(1) and (2) of this section, the department shall select students described in division (D)(3) of this section by lot to receive any remaining scholarships.

Once a scholarship is awarded under this section, the student shall remain eligible for that scholarship for the current school year and subsequent school years even if the student's family income rises above the amount specified in division (A) of this section, provided the student remains enrolled in a chartered nonpublic school, however:

- (1) If the student's family income is above two hundred fifty per cent but at or below three hundred per cent of the federal poverty guidelines, the student shall receive a scholarship in the amount of seventy-five per cent of the full scholarship amount.
