Effective: September 30, 2021

Legislation: House Bill 110

(A) The state board of education shall prescribe by rules, adopted in accordance with Chapter 119. of the Revised Code, an academic performance rating and report card system that satisfies the requirements of this section for community schools that primarily serve students enrolled in dropout prevention and recovery programs as described in division (A)(4)(a) of section 3314.35 of the Revised Code, to be used in lieu of the system prescribed under sections 3302.03 and 3314.012 of the Revised Code beginning with the 2012-2013 school year. Each such school shall comply with the testing and reporting requirements of the system as prescribed by the state board.

(B) Nothing in this section shall at any time relieve a school from its obligations under the "No Child Left Behind Act of 2001" to make "adequate yearly progress," as both that act and that term are defined in section 3302.01 of the Revised Code, or a school's amenability to the provisions of section 3302.04 or 3302.041 of the Revised Code. The department of education shall continue to report each school's performance as required by the act and to enforce applicable sanctions under section 3302.04 or 3302.041 of the Revised Code.

(C) The rules adopted by the state board shall prescribe the following performance indicators for the rating and report card system required by this section:

(b) The number of students who graduate in five years with a regular high school diploma divided by the number of students who form the adjusted cohort for the four-year graduation rate;

(c) The number of students who graduate in six years with a regular high school diploma divided by the number of students who form the adjusted cohort for the four-year graduation rate;

(d) The number of students who graduate in seven years with a regular high school diploma divided by the number of students who form the adjusted cohort for the four-year graduation rate;

(e) The number of students who graduate in eight years with a regular high school diploma divided by the number of students who form the adjusted cohort for the four-year graduation rate.

(2) The percentage of twelfth-grade students currently enrolled in the school who have attained the designated passing score on all of the state high school achievement assessments required under division (B)(1) of section 3301.0710 of the Revised Code or the cumulative performance score on the end-of-course examinations prescribed under division (B)(2) of section 3301.0712 of the Revised Code, whichever applies, and other students enrolled in the school, regardless of grade level, who are within three months of their twenty-second birthday and have attained the designated passing score on all of the state high school achievement assessments or the cumulative performance score on the end-of-course examinations, whichever applies, by their twenty-second birthday;

(3) Annual measurable objectives as defined in section 3302.01 of the Revised Code;

(4) Growth in student achievement in reading, or mathematics, or both as measured by separate nationally norm-referenced assessments that have developed appropriate standards for students enrolled in dropout prevention and recovery programs, adopted or approved by the state board.

(D)(1) The state board's rules shall prescribe the expected performance levels and benchmarks for each of the indicators prescribed by division (C) of this section based on the data gathered by the department under division (G) of this section. Based on a school's level of attainment or nonattainment of the expected performance levels and benchmarks for each of the indicators, the department shall rate each school in one of the following categories:
