

Ohio Revised Code

Section 3314.17 Statewide education management information system.

Effective: September 24, 2012

Legislation: Senate Bill 316 - 129th General Assembly

(A) Each community school established under this chapter shall participate in the statewide education management information system established under section 3301.0714 of the Revised Code. All provisions of that section and the rules adopted under that section apply to each community school as if it were a school district, except as modified for community schools under division (B) of this section. Each community school shall comply with division (C) of section 3301.0723 of the Revised Code.

(B) The rules adopted by the state board of education under section 3301.0714 of the Revised Code may distinguish methods and timelines for community schools to annually report data, which methods and timelines differ from those prescribed for school districts. Any methods and timelines prescribed for community schools shall be appropriate to the academic schedule and financing of community schools. The guidelines, however, shall not modify the actual data required to be reported under that section.

(C) Each fiscal officer appointed under section 3314.011 of the Revised Code is responsible for annually reporting the community school's data under section 3301.0714 of the Revised Code. If the superintendent of public instruction determines that a community school fiscal officer has willfully failed to report data or has willfully reported erroneous, inaccurate, or incomplete data in any year, or has negligently reported erroneous, inaccurate, or incomplete data in the current and any previous year, the superintendent may impose a civil penalty of one hundred dollars on the fiscal officer after providing the officer with notice and an opportunity for a hearing in accordance with Chapter 119. of the Revised Code. The superintendent's authority to impose civil penalties under this division does not preclude the state board of education from suspending or revoking the license of a community school employee under division (N) of section 3301.0714 of the Revised Code.

(D) No community school shall acquire, change, or update its student administration software package to manage and report data required to be reported to the department unless it converts to a
