

Ohio Revised Code

Section 3314.27 Maximum daily hours by computer-based school student.

Effective: February 1, 2016

Legislation: House Bill 2 - 131st General Assembly

No student enrolled in an internet- or computer-based community school may participate in more than ten hours of learning opportunities in any period of twenty-four consecutive hours. Any time such a student participates in learning opportunities beyond the limit prescribed in this section shall not count toward the annual minimum number of hours required to be provided to that student as prescribed in division (A)(11)(a) of section 3314.03 of the Revised Code. If any internet- or computer-based community school requires its students to participate in learning opportunities on the basis of days rather than hours, one day shall consist of a minimum of five hours of such participation.

Each internet- or computer-based community school shall keep an accurate record of each individual student's participation in learning opportunities each day. The record shall be kept in such a manner that the information contained within it easily can be submitted to the department of education, upon request by the department or the auditor of state.
