Only such items that are incapable of diversion to religious use and that are susceptible of loan to individual pupils and are furnished for the use of individual pupils shall be purchased and loaned under this division. As used in this section, "instructional materials" means prepared learning materials that are secular, neutral, and nonideological in character and are of benefit to the instruction of school children. "Instructional materials" includes media content that a student may access through the use of a computer or electronic device.

Mobile applications that are secular, neutral, and nonideological in character and that are purchased for less than twenty dollars for instructional use shall be considered to be consumable and shall be distributed to students without the expectation that the applications must be returned.

(L) To purchase or lease instructional equipment, including computer hardware and related equipment in general use in the public schools of the state, for use by pupils attending nonpublic schools within the district and to loan such items to pupils attending nonpublic schools within the district or to their parents, and to hire clerical personnel to administer the lending program.

"Computer hardware and related equipment" includes desktop computers and workstations; laptop computers, computer tablets, and other mobile handheld devices; their operating systems and accessories; and any equipment designed to make accessible the environment of a classroom to a student, who is physically unable to attend classroom activities due to hospitalization or other circumstances, by allowing real-time interaction with other students both one-on-one and in group discussion.

(M) To purchase mobile units to be used for the provision of services pursuant to divisions (E), (F), (G), and (I) of this section and to pay for necessary repairs and operating costs associated with these units.

(N) To reimburse costs the district incurred to store the records of a chartered nonpublic school that closes. Reimbursements under this division shall be made one time only for each chartered nonpublic school that closes.

(O) To purchase life-saving medical or other emergency equipment for placement in nonpublic schools within the district or to maintain such equipment.

Clerical and supervisory personnel hired pursuant to division (J) of this section shall perform their services in the public schools, in nonpublic schools, public centers, or mobile units where the services are provided to the nonpublic school pupil, except that such personnel may accompany pupils to and from the service sites when necessary to ensure the safety of the children receiving the services.

All services provided pursuant to this section may be provided under contract with educational service centers, the department of health, city or general health districts, or private agencies whose personnel are properly licensed by an appropriate state board or agency.

Transportation of pupils provided pursuant to divisions (E), (F), (G), and (I) of this section shall be provided by the school district from its general funds and not from moneys paid to it under division (E) of section 3317.024 of the Revised Code unless a special transportation request is submitted by the parent of the child receiving service pursuant to such divisions. If such an application is presented to the school district, it may pay for the transportation from moneys paid to it under division (E) of section 3317.024 of the Revised Code.

No school district shall provide health or remedial services to nonpublic school pupils as authorized by this section unless such services are available to pupils attending the public schools within the district.

Materials, equipment, computer hardware or software, textbooks, digital texts, and health and

remedial services provided for the benefit of nonpublic school pupils pursuant to this section and the admission of pupils to such nonpublic schools shall be provided without distinction as to race, creed, color, or national origin of such pupils or of their teachers.

No school district shall provide services, materials, or equipment that contain religious content for use in religious courses, devotional exercises, religious training, or any other religious activity.

As used in this section, "parent" includes a person standing in loco parentis to a child.

Notwithstanding section 3317.01 of the Revised Code, payments shall be made under this section to any city, local, or exempted village school district within which is located one or more nonpublic elementary or high schools and any payments made to school districts under division (E) of section 3317.024 of the Revised Code for purposes of this section may be disbursed without submission to and approval of the controlling board.

The allocation of payments for materials, equipment, textbooks, digital texts, health services, and remedial services to city, local, and exempted village school districts shall be on the basis of the state board of education's estimated annual average daily membership in nonpublic elementary and high schools located in the district.

Payments made to city, local, and exempted village school districts under this section shall be equal to specific appropriations made for the purpose. All interest earned by a school district on such payments shall be used by the district for the same purposes and in the same manner as the payments may be used.

The department of education shall adopt guidelines and procedures under which such programs and services shall be provided, under which districts shall be reimbursed for administrative costs incurred in providing such programs and services, and under which any unexpended balance of the amounts appropriated by the general assembly to implement this section may be transferred to the auxiliary services personnel unemployment compensation fund established pursuant to section 4141.47 of the Revised Code. The department shall also adopt guidelines and procedures limiting the purchase and loan of the items described in division (K) of this section to items that are in general use in the public schools of the state, that are incapable of diversion to religious use, and that are susceptible to

individual use rather than classroom use. Within thirty days after the end of each biennium, each board of education shall remit to the department all moneys paid to it under division (E) of section 3317.024 of the Revised Code and any interest earned on those moneys that are not required to pay expenses incurred under this section during the biennium for which the money was appropriated and during which the interest was earned. If a board of education subsequently determines that the remittal of moneys leaves the board with insufficient money to pay all valid expenses incurred under this section during the biennium for which the remitted money was appropriated, the board may apply to the department of education for a refund of money, not to exceed the amount of the insufficiency. If the department determines the expenses were lawfully incurred and would have been lawful expenditures of the refunded money, it shall certify its determination and the amount of the refund to be made to the director of job and family services who shall make a refund as provided in section 4141.47 of the Revised Code.

Each school district shall label materials, equipment, computer hardware or software, textbooks, and digital texts purchased or leased for loan to a nonpublic school under this section, acknowledging that they were purchased or leased with state funds under this section. However, a district need not label materials, equipment, computer hardware or software, textbooks, or digital texts that the district determines are consumable in nature or have a value of less than two hundred dollars.
